Art Unit: 1714

The actual status of the claims in this application is as follows:

Claims 1 and 2 are pending.

Claims 3-14 are cancelled.

Claim 15 is withdrawn as being directed to a non-elected invention.

Newly presented claim 16 is withdrawn as being directed to a non-elected invention.

Applicant indicates at page 13 of his amendments and remarks filed 3/17/04 that the status of the claims is as follows:

Claims 1-15 are pending.

Claims 2-14 are canceled.

Claim 15 is withdrawn.

New claim 16 is withdrawn.

Claim 1 is allowed.

Applicant is advised that claims 2-14 cannot be pending if they are canceled. Therefore applicant's intentions relating to the status of the claims is not clear.

Clarification is required.

1. Newly submitted claim 16 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:
2. The invention of claim 16 is related to the invention of claim 1 as product and process of using. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of

using that product (MPEP § 806.05(h)). In the instant case the product as claimed can be used in a materially different process of using that product such as in hair dye.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 16 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

3. This application is in condition for allowance except for the following formal matters:

4. This application contains claims 15 and 16 directed to non-elected inventions.

Applicant is given two MONTHS from the date of this letter to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
